Lightspeed Parent Portal Directions
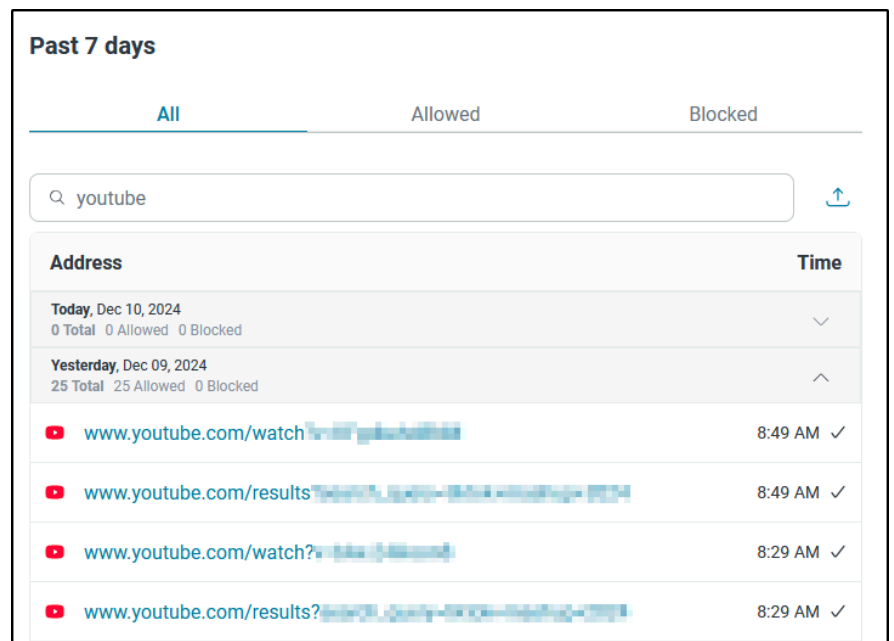

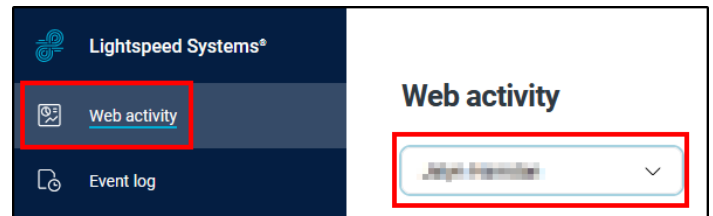

Log into Lightspeed Parent Portal

1. Go to https://www.WLS4Kids.org

2. Click on "Parents" below large image

3. Scroll down to collection of small boxes with tools

4. Click on "Lightspeed Internet Filter - Parent Portal"

   a. Direct Link: https://washington-local.portal.relay.school/

   b. You can also click on the link in the weekly emailed report from LightSpeed

5. Fill in your email address and password

   a. If you need to create an account click o the "Create Account" tab

   b. If you need to reset your password click on "Forgot your password" link

NOTE: Your email address submitted to PowerSchool / InfoSnap for your student contact information is what connects your email to your student.

Review Web Activity

1) Click on "Web Activity" along the left side of the screen

2) Use the drop down arrow to select the desired student

3) Click on "All", "Allowed" or "Blocked" to filter you list.

4) You can also search for a specific web address / url such as "YouTube"

5) Click on the drop down at the end of each date (only the last 7 days are available) to view the specific sites and times.
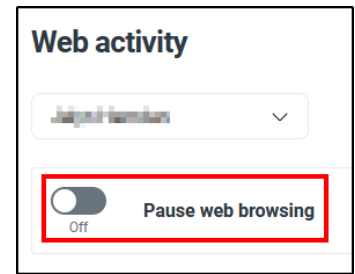

Pause Web Browsing

Web activity

1) Just below the student name you will see the toggle for pausing web browsing for the currently displayed student

2) Once turned on you will see the available options. Once you select a length of time the student will be blocked from browsing the web until that time is expired

NOTE: This only affects school devices using the student's school account. This does not affect personal devices using home wifi or personal cell phones using a cell signal.

Review Event Log

1) Click on "Event Log" along the left hand edge

2) Use the drop down arrow to select the desired student

3) Below you will see each date when your student either could be or was in a class where a teacher was using Lightspeed Classroom to observe the student's device usage live or review the student's internet history as defined by Ohio SB29
